

Nathaniel Northway

Web Development and Design

Milwaukee, WI | nate@natenorthway.com

Resilient, clever, knowledgeable full-stack web developer with 6 years of experience freelancing. Specialties include front-end web development, responsive design, and MVC programming. A quality focused developer with a strong background in custom builds, having planned and built over 150 websites. Recognized for clear, concise communication, a knack for understanding user behaviors, and an ability to design for everyone, resulting in higher effective use of sites, visit conversions, and time- to-market.

Authorized to work in the US for any employer

Work Experience

Co-Founder and CTO

Gittr, LLC - Milwaukee, WI - October 2016 to Present

As CTO, Nathaniel oversees ongoing development and adherence to coding standards. He develops, builds, and maintains the logic used to integrate with Google products, Stripe credit card processing APIs, TwinJet and OSM APIs, and more. He also maintains code and responds to client feedback to improve the platform.
